**Dear customer,**

As a Koyuncu BTM, we are aware that new version of Covid-19 has caused great concerns for many individuals, foundations and institutions. During this time, our goal is that provide the production and export of sanitary and required disinfectant products for our customers. Human health is our priority.

Koyuncu BTM works with global authorities in a close collaboration and produces healthier, hygienic and proper disinfectant products based on their reports. We take necessary steps to protect the production and develop more.

Sanitizer formulas by developed Koyuncu BTM executive team, have great impacts on viruses and bacteria including covid-19. Within this period, Biolustre has been a part of our competitive advantage.

Biolustré has received an award, developed, and earned a worldwide reputation for high quality. Koyuncu BTM guarantees to support the best standards of excellence. In this extraordinary period, let's take precautions against Covid-19 and protect our and other's health together.

Best Regards,  
Meriç **KOYUNCU**  
Chairman of the Board and CEO
